

“The State of Trade in America & the Impact on Our Economy”
Wednesday, April 19, 2017 at 11:30am at the Pacific Club, Newport Beach
Thursday, April 20, 2017 at 11:30am at the California Club, Downtown Los Angeles

Trade has reemerged as a priority in the current Administration. What is the current state of trade, what does the future look like, and how will it impact the US?

Clyde Prestowitz will discuss these issues. Mr. Prestowitz is founder and President of the Economic Strategy Institute. His leadership has propelled ESI into an important role in the public policy process, influencing and often defining the terms of the debate in the areas of international trade policy, economic competitiveness, and the effects of globalization. Mr. Prestowitz, who served as counselor to the Secretary of Commerce during the Reagan Administration, has played key roles in achieving congressional passage of NAFTA and in shaping the final content of the Uruguay Round, as well as providing the intellectual basis for current U.S. trade policies toward Japan, China, and Korea.
